

# Welding

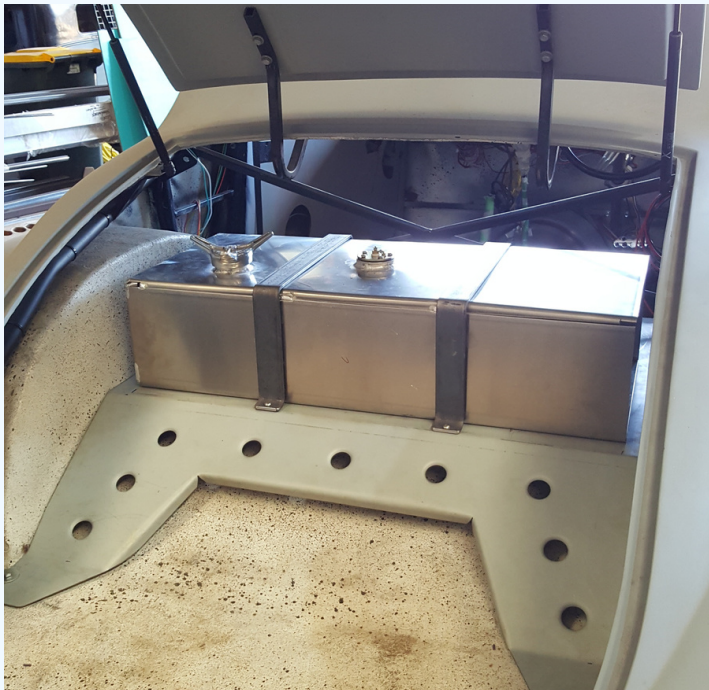

Service Brochure

# Examples of our work

We can weld Corten Steel, Mild Steel, Stainless Steel and Aluminium. Whether it's for structural applications or intricate designs, our welding services uphold the highest standards of quality, ensuring the integrity and longevity of your projects.

Please note: We are not certified welders or currently offer certified welding services. We pride ourselves on consistently delivering work of exceptional quality and maintaining the highest standards of craftsmanship and attention to detail.

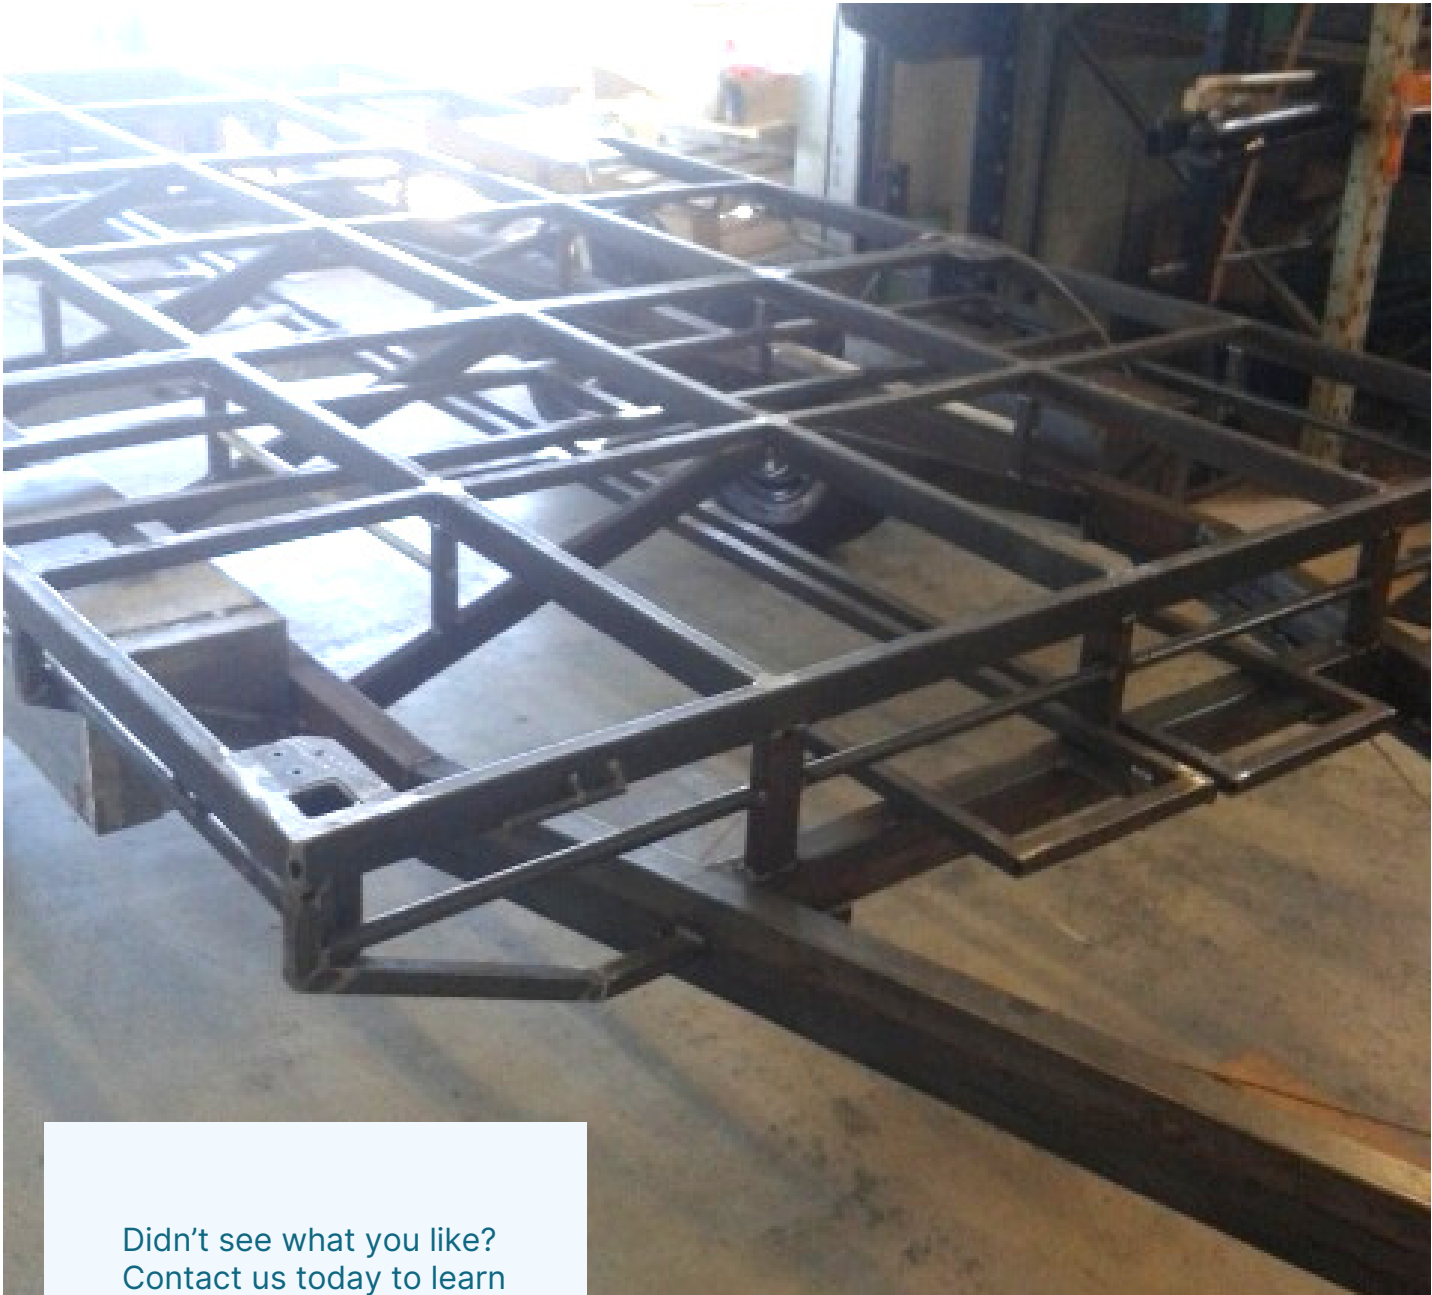

# About Scott's Steelworkz

Scott's Steelworkz offers waterjet cutting, unique art, sheet metal fabrication, welding and engineering maintenance services in the Franklin Region. We are located in Waiuku and service the South Auckland Region.
